### DETAILED ACTION

Claims 1-13 are pending.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1 to 13 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1 to 13 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential elements, such omission amounting to a gap between the elements. See MPEP § 2172.01. The omitted elements are: The  $R^4$  group in formula I and the monohydric or dihydric alcohol. The claims fail to provide the definitions of the monohydric or dihydric alcohol whether they embrace the  $R^4$  group or not, and how the alcohol(s) reacts to the compound of formula I to form the compound of formula II. The relationship between the alcohol(s) and the compound of formula I can not be clearly identified.

No claim is allowed.
